

Office of The
Mayor

Shirley Gibson
Mayor

January 26, 2004

Dear Residents,

It is my pleasure and my duty to introduce to you three distinguished corporations that will be providing services to the residents of the City of Miami Gardens.

First, I must introduce to you Cool Kids Learn Inc. This company will be providing the programming in our parks. They will provide after-school care, sports development, tutoring, senior citizens programs and many many more services. In addition they will work hand and hand with our optimist groups in an effort to bring bigger and better experiences for our children. I look forward to the partnership the City will be forging with this company, and I strongly encourage our community to come out and support this new addition to our family.

Secondly, I would like to introduce Weed-A-Way Inc. This company will be providing the lawn maintenance and janitorial services in our parks. This company is owned by Miami Gardens' residents and employs Miami Gardens' residents. I am ecstatic to see our City provide opportunities for our residents. This however, is only the beginning, and many more opportunities will be coming in the near future, so stay tune.

Finally, I would like to introduce Kemp Services Inc. This company will be providing our school crossing guards. This company has been in business for more than 10 years and they currently provide school crossing guards for the Town of Davie and the City of Aventura. They are committed to hiring guards from within the City of Miami Gardens, and they are looking forward to providing exemplary services to our community, our families and especially our children. I truly believe they will be an asset to our City, and a joy to work with.

The City has come a long way in a short time and the Journey has just begun. We are poised to be the best City, not only in Dade County, but the entire State. Together there is nothing that this we can't achieve. I thank you for help and your support.

Sincerely,

Mayor Shirley Gibson
